

Well Done Emily!

We wanted to share one of our former student success stories with you.

Here is Emily Boughton being commissioned at RAF Cranwell earlier this month.

When Emily left Huntcliff in 2015 she attended Welbeck Defence Sixth Form College as part of the Defence Technical undergraduate scheme. She completed A levels in Maths, Engineering and Geography and then went on to do her degree in electrical and electronic engineering at Northumbria university where she attained a first.

Emily then attended RAF Cranwell to complete Modularised Initial officer training (MIOT) where she commissioned as Flying Officer.

Emily's parents and the staff of Huntcliff are very proud of Emily and her fantastic achievement. Well done!
