## Policy Intent

The purpose of our Behaviour Policy is to ensure that students are provided with a learning environment which is respectful, responsible, and safe and supports academy, personal and social development. Kirton Academy has high expectation of all students. The current and future success of students dependent upon their ability to understand what is acceptable in school, their future education and throughout life. This policy addresses the promotion of positive behavior in accordance with Lincolnshire Gateway Academies Trust's general aims and ethos, in relation to children and young people's personal, social and moral development, and also our general policy on rewards and sanctions with regard to student's behavior.

The DfE has issued advice to schools entitled 'Behaviour and Discipline in School.' This has been adopted and incorporated into the Academy Behaviour Policy.

<https://www.gov.uk/government/publications/behaviour-and-discipline-in-schools>

We regard behavior and attitude as a highly important aspect of a young person's education and development. We believe it is important to learn how to behave well towards others and towards the community in which they live. Good behavior underpins effective learning, children and young people need good personal and social skills in order to live fulfilling and rewarding lives as adults. Behaviour which, in any way, disrupts learning, is unacceptable in our Academy, and through the constant promotion of positive behavior, we seek to minimize, if not eliminate any such behavior. We will endeavor to meet the needs of all children, including those with social, emotional and mental health difficulties.

## Teaching Good Behaviour

Students will be taught how to behave through assemblies, tutor time and standalone sessions as required by an individual. This will involve what the behavior policy looks like, what good behavior looks like and a full explanation of the standards and sanctions. Students will be taught the reasoning behind the behavior policy and why excellent behavior will form a string foundation for their future success.

## Responding to the behavior of students with Special Educational Needs and/or Disability

Kirton Academy consistently and fairly promotes high standards of behavior for all students and provides additional support where needed to ensure students can achieve and learn as well as possible. The Academy does not assume that because a pupil has SEND that it must affect their behavior on a particular occasion – this is a question of judgement for the facts of the situation. Consideration takes place as to whether a students' SEND has contributed to the misbehavior and if so, whether it is appropriate and lawful to sanction the pupil. Consideration is taken as to whether any reasonable adjustments need to be made to the sanction in response to any disability the pupil may have. It is important to seek to try to understand the underlying causes of behavior and whether additional support is needed.

## Students Code of Conduct

Students should always be:

- Polite and courteous
- Smartly dressed in full school uniform
- Respectful of others including their health and wellbeing
- Hardworking in all they do

- Act in safe, responsible and respectful manner

### Disciplinary Procedures

Students who fail to meet the Academy's high standards should expect to receive sanctions. This includes where behavior outside the Academy site affects the Academy or its staff and students. Sanctions vary according to the incident but may include the following:

- Discussion around behavior demonstrates and future conduct reminding them of the importance of respecting the education, safety and welfare of others.
- A written task including writing an apology letter
- Letter home to parents/carers
- A detention at the end of the Academy Day
- A period of close supervision through the use of Report Cards or a pastoral support programme

- A period of internal suspension in the internal reflection unit or that of one at another school.
- A period of suspension from the Academy (parents will be notified in writing of this sanction)
- Direction of education to another provision or educational establishment
- Permanent Exclusion

Within the classroom environment students can receive the following sanctions for low level behavior:

**R1** – A warning where the students' name is placed on the warning board with a tick next to it

**R2** – Removal from lesson. The student is removed from lesson and goes to the Reset room for the remainder of the lesson

If a child receives 2 or more R2s in a day they will remain in the Reset room until the Academy feels that they are able to return to their lessons

**R3** - Any student receiving an R2 will be issued with a 30 minute after school detention.

**R4** – If a student does not attend the R3 after school detention or they fail the detention they will be issued with an hour long after school detention

**R5** – If a student fails to attend the R4 detention fails the after-school detention or carries out an incident which the Academy determines serious enough they will be placed in the Reset room for an afternoon session. This includes the one-hour detention after school.

**R6** – If a student fails the R5 Reset session or they carry out a behavior deemed serious enough they will be placed in the Reset room for a full day session.

If a student is late to the lesson – this means they are not seated and ready to learn by the 4 minute Ready to Learn bell there will be an immediate R3 issued and they will move to the Rest room for the rest of that period. Persistent lateness to lesson will escalate to an immediate R4 issued to the Reflect room.

Any students engaging in severely inappropriate behaviors will be permanently excluded from the Academy. The following are examples of the types of behavior which may lead to

### Care, Control and Restraint

Staff members are aware of the regulations regarding the use of force by teachers as set out in the document <https://www.gov.uk/government/publications/use-of-reasonable-force-in-schools>

Physical control may be necessary on some occasions and the Academy reserves the right to use reasonable for when necessary. The degree of force would be the minimum required to control the behavior and it would be applied in a manner that attempts to reduce, rather than provoke aggressive action. Staff may for example physically separate students found fighting. Physical restraint is the positive use of force and may be used in order to protect a child from risk, harming others, themselves or seriously damaging property. It may also be used when serious disruption prevents others receiving their educational entitlement.

## Searching of Students

The Academy behavior policy includes the right to search students with regards to the DfE advice regarding screening, searching and confiscation; use of reasonable force, behavior and discipline in schools.

In the first instance staff who suspect a student of having inappropriate or banned items should ask the student politely to hand over items that are not allowed in the Academy that they have in their possession.

The Principal reserves the right to authorize a search of students and or their possessions (including bags and coats) without their consent if there are reasonable ground for doing so. Any item which is found and is an item the student should not have in their possession will be confiscated and only returned to the students' parent/carer upon request.

## Rewards and Sanctions

Rewarding students is one of the rewarding aspects of working with students. Seeing them take part in a wide range of activities and reaching their goals through effort and hard work, we will celebrate students through our reward system and our **Kirton Champions**.

Praise is recorded for activities that students do well in both in and out of school. Students are awarded praise points whenever they are recognized for doing well.
