

## Message from the Principal

Our academy marked Remembrance Day this week to commemorate those British and Commonwealth armed forces members killed in all wars and conflicts worldwide.

I was so proud of the conduct of every one of our students that attended the event in the town on Sunday and the service we held at the academy.

Thank you to all those involved in these events this week.

There is a clear link between attendance and student attainment, those students that attend education are significantly more likely to achieve academically in their GCSE's.

Attending the academy every day develops resilience in young children that better prepares our students for success in the world of work.

Since Covid, schools up and down the country have struggled to get many students back into education. Kirton Academy is no different, to meet this challenge members of our pastoral team will be active in the community speaking to parents to help support students remove any barriers preventing them from coming into our academy. We ask that all parents support our children to ensure that students attend our academy regularly.

Praise and rewards are now in place for students who achieve 100% attendance each week and there will be an exciting Christmas Attendance Incentive "Kirton 12 days of Christmas" coming soon.

Best wishes

E Ricketts

## Year 9 Reports

The reports have been issued to students this week. They have also been sent electronically to parents via the SIMS Parent App.

We would like to apologise for the delay in sending these reports out to parents.

## Remembrance Day

Kirton Academy marked Remembrance Day this week. We would like to thank Mrs Hague for organising the students to attend the service in Kirton Lindsey on Sunday and the service held in the academy on Monday. All students in both services did themselves and the academy proud.

## Year 11 Mock Examinations

These examinations will take place week beginning 25th November.

A copy of the timetable can be found here:

## NHS Talent Academy

A number of our Year 9 & 10 students to visit Lincoln University as part of the 'NHS Talent Academy' initiative. This provided an opportunity for our students to meet workers from the NHS in both clinical and non- clinical roles.

## Lincoln College Experience Day

A number of our Year 8 & 9 students enjoyed a tour of the college to understand some of the Post 16 options available to our students. This is part of a wider Careers Curriculum to help support our students after their GCSE's.

## Bronze Award

The academy uses Classcharts to recognise those students that uphold our values. This week we recognise those students that have reached 600 achievement points since the start of the academic year. Congratulations to all those students for reaching this level.
